The Darling Rebels

By: Siobhan Nichols

When Charlotte returns to her hometown of Asebrook from boarding school, she knows what she can expect from her days--lessons from tutors, criticism from her mother, and listening to the same gossip from the same people. But there seems to be something different in store for Charlotte when she meets Adam and Jack, the two boys who will change her forever. However, when Jack and Charlotte fall in love, they realize the fight that they are going to have to put up if they want to be together. During a time when money, society, and how one is viewed as everything, Charlotte stops at nothing to be with the boy that she knows she loves. Even so, Jack seems unwilling to sacrifice her future and happiness since he knows he has nothing to offer. *The Darling Rebels* tells the story of bravery and resilience in the face of insurmountable odds and how far one girl will go for love, even if it means leaving her seemingly perfect life behind.

Siobhan Nichols has lived near Cincinnati, Ohio practically her entire life. She has attended universities in Pennsylvania, Scotland, and London, with plans to conquer other countries. She began work on her first novel at age 13 and finally found enough time and dramatic ideas to complete it. Even though she's still a teenager, she works as a movie critic, book reviewer, trend follower, music enthusiast, and avid sleeper. She would rather not disclose what she actually does for money, but it includes visors and French Fries.
